“Where magic begins”

Disney

By-HV magazines

Frozen-Elsa and Anna

Frozen

The famous character Anna and Elsa from frozen Are very famous characters. The latest movie Frozen 2 Of this cartoon was a movie based on magical fantasy with little emotions which gave this movie a perfect Touch. Although the effects given in this movie was fantastic which draw the public attention.

Doremon

This cartoon is famous ongoing cartoon between the age of 3 to 9 years. Some parents have strict restrictions against this cartoon due the behaviour shown of the starring charecters –“Nobita and Doremon” in this cartoon.

In this cartoon basicly nobita Is a lazy boy who just asks a rakkon shape robot Doremon gadgets to have easy souldutions but due to miss use he makes more problems.

He is a failiure in class and gets teased very fast from which Suniyo takes a benefit and even gets in anybody’s hands from which Jiyan takes benefit and beats him. shizuka his her dream girl. This cartoon has a very strong attention of kids.

Mickey Mouse clubhouse

This cartoon has been trending between the ages 2 to 4 years. In this cartoon positives vibes are shown and good behavior signs are taught. This cartoon has friends club house in that the 6 friends have fun and solve mysteries by helping to their other friends.

This cartoon has been shifted to Disney Junior from Disney channel to have 2 different channels of ages groups

AVENGERS

So next we come to avengers the most

trending cartoon series in teenagers and

the latest movie of this cartoon series is avengers the end game. Though it also comes in comic series but people prefer more to see on television. It is an American series of cartoon and books. Public are always excited to see or have new DVD of this cartoon.

MOWGLI-the jungle book

The jungle book a multi age cartoon series with even comic series have been continued.

This cartoon is based on a boy Mowgli who was separated by his family and the human world in his childhood and is always a prey of tiger-Shere Khan and a wolf -Bagheera is always in a duty to save him and try to send him in his world but this never happens. While there are new saviors and enemies in each and every new series but these two are the main.

OH! I forgot to tell you that there is a bear-Baloo who is also main character but sometime he is an enemy and sometime friend and there is a snake also who wants that Mowgli should be in his hands.

Mira royal detective

This is a new cartoon on Disney channel. Basically, it is a cartoon based on a royal detective who finds the cases solved with her friend neem and her pets chickoo miccoo.

However, there are some side roles on each episode with Mira to solve the cases but these 3 are the main characters.

This teaches a to be always truthful and not to steal anything and if you feel that something is wrong then it should be solved in a cool mind and with proper brain techniques.

Kiteresu

It basically, a same type of cartoon like Doremon but here the boy kiteresu is an intelligent boy who locks himself in his room with gorosuki or sometimes even not.

Gorosuki is a robot made by Kiteresu. He is actually a friend robot who is sometimes misused by Motagorila and Tongari who are default enemies of Kiteresu. Here Miaco plays the role of shizuka.

His mother shouts for making the robots based on technology books after having problems by its some minus points in each episode. However, there are other people also getting harassed from his robots.

SIMPLE SAMOSA

This is a cartoon based on food city and to be always in simple way which is a best look of yours and never change life routine and status by seeing others. It even teaches that accept however friends you get for your life.

It also makes a laugh and giggle with some emotional touches which is an excellent thing in this cartoon and this the only reason that makes public attention on this series.

It has been the favorites of kids between the age of 8 to 13 years. This cartoon has been launched sometime before only.

Chacha Chaudry

Chacha Chaudry is a famous comic series which has been now translated in animations and has been shown on Disney channel at 10 am Monday to Friday and between 2 pm to 4 pm in weekend and sometimes in weekdays.

It is an interesting cartoon in which Chacha Chaudry and his giant friend Sabu solve all the problems of his city with his brain which is faster and more technical than any computer. The giant friend Sabu helps him to beat the thieves and his pet dog also helps him in finding the evidence left by the thief.

Oye Golu

It is an animated series of adventures in which a seven-year-old boy Adi leaves in leaves with his friend who is actually a genie and helps Adi to solve his problems and to fulfill his wishes.

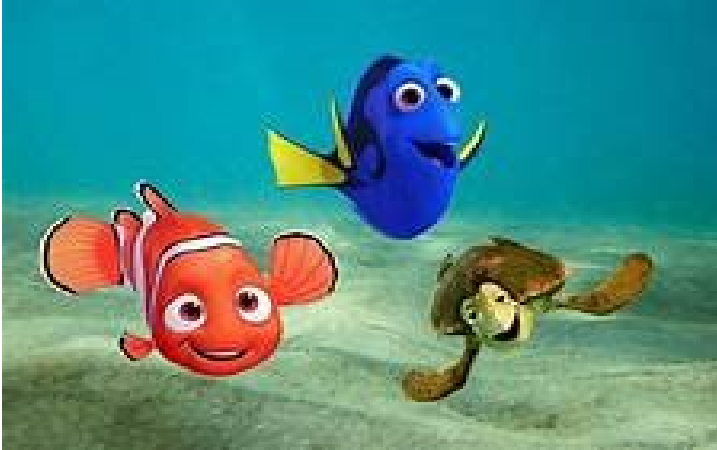

As he is a lazy and little mischief so he sometimes misuses the magic of Golu's magic which makes big problems for the whole city and to solve that sometimes Adi and Golu goes to the genie. Although this is a new cartoon series which is loved by kids very much.

Incredibles

This is a story about a family of super heroes who takes a mission. Mr. Incredible and Elastigirl, Bob Parr and his wife Helen were among the world's greatest crime fighters, saving lives and battling evil on a daily basis. Fifteen years later they have forced to adopt civilians' identities and so on...

It is a very interesting story to see and if anyone like to see a comedy movie of super heroes then this is the movie you would love the most.

Nemo

A clown fish Marlin lives in great Barrier reef and loses his son, Nemo, after he ventures into open sea, despite his father's constant warning about ocean's danger. Nemo is abducted by a boat and netted up and sent to a dentist's office in Sydney and so on Actually, this description is about 'Nemo finding'.

This is a movie cartoon series based on fishes under the ocean with little comedy and suspense. There are different sea animals who are the enemies of Nemo and some good thinkers. Although this is a suspense giving movie cartoon series for the next series of the same.

Princess

Hey! this is the most favorite cartoon for girls. In which some of our favorites are Belle, Snow white, Ariel, Rapunzel, Tiana, Moana, Cinderella, Aurora, Merida, Pocahontas and the last one Jasmine.

It is actually a cartoon series of girls who either becomes high to low or low to high class girls after going through a very adventures mission. Some princess has another

adventures missions or story which our quite interesting and sometimes comedy with some clips. Literally everyone thinks that these series of cartoon have emotional clips but the truth is that these have learning, comedy and many interesting adventure clips.

Moana

This is a another most adventures block blaster movie by Disney in which they gave a fantastic value touch for our mother Earth. I like the moving tattoo on the man's body with describing his life and giving him a great confidence.

The effects of water ocean give in this movie is very good and the problems created gave an amazing and fabulous look of adventure. I liked the Moana dance with her grandmother at starting which looked little funny.

Toy

This is another interesting fiction cartoon series with some fabulous adventure. Here you come to your own world of dream. I think every child or most of the children like to

be having something in their hands or something else like having a robot like Doremon who just be a good and helping friend in fact everybody in this world except God would like to have some people as slaves or high technology robots for their some work. So, let's come to our topic...in this movie you get some adventures which are totally amazing in this movie. The toys actually try to solve their own problems in their own toy world.

Up

The film centers on elderly widower named Carl Fredriksson and the earnest boy named Russell. By thousands of balloons to his house, Carl sets out to fulfil his dream to see the Wilds of South America and complete a promise made to his late wife, Ellie.

The movie is actually very interesting and beautiful with an outstanding effects and comedy. Most of the public like all in one emotion blaster in each movie but some cannot express and some can which shows the results by public demands.

Cars

This is a movie cartoon series of fiction cars in which there are many fabulous and outstanding adventures described

with little bit miracles in climax in each series. Most of the series have racing car stories and the way it is shown it seems that the hard work made by the director was fantastic as it is not easy to challenge avengers and gain an upper rank from it.

The Duckling

See the interesting video above given of ducklings ..

Phineas and ferb

see the above video to get an information on Phineas and ferb coming late night on Disney Channel. It has been a cartoon for teenagers.

SAHI FALOODA

SAHI FALOODA! Have fun learning

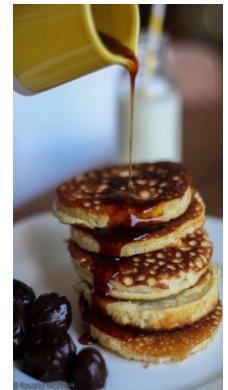

Pour water in a bowl and put the sabja one day before the making of falooda in a refrigerator and even boil the falooda. These two ingredients are easily available in any packed food package shops.

Now buy or make a family pack quantity of ice-cream of your wish flavor and even buy some sprinkles.

Now put the falooda in the place of first layer of your glass and then pour some syrup of your choice. make a nice thick layer of falooda and save little bit.

You can even put some berries or fruits like mango on it.

Now add and rabadi with a flavor if you are making and even add some sprinkles like dry fruits with less quantity of falooda which you have put already in the first layer. Now take and mix it in another bowl and keep aside.

Now take some syrup in your spoon and spread it out in the empty glass. If you want a double layer ice-cream cup then put a scoop of ice-cream now. Now pour the yummy rubadi which we have kept aside and put the sabja as a top layer of it.

Now add one more scoop or one scoop of the ice-cream with a sizzle of syrup and then add sum sprinkles on top.

Now add umbrella on top of it and your yummy falooda in the season is ready!!!! Now eat and serve it to your house and have compliments.

Riddles with little laugh

**Why did the
nurse need a red
pen at work?**

**In case she needed
to draw blood.**

**What did the
buffalo say when his
son left for college?**

Bison.

**Why do bees have
sticky hair?**

**Because
they use
honeycombs.**

**Yesterday I saw a guy spill
all his Scrabble letters on
the road.**

**I asked him,
“What’s the word
on the street?”**

**What do you call
a train carrying
bubblegum?**

A chew-chew train.

Covid -19

WHAT IS IT? AND MAIN EFFECTS ON WORLD

Corona virus is a group of viruses that cause disease in mammals and birds. In human corona virus take place in respiratory system.

This is an ongoing pandemic caused by severe acute respiratory syndrome corona virus 2

Efforts to prevent spreading include travel restrictions, quarantine, curfew, events postponed and cancellation and facilities closure. Schools and Universities have been closed on a local basis in more than 115 countries affecting more than 1.2 billion students in world.

Suggested prevention includes covering face when coughing or sneezing, maintaining distance and sanitization of hands frequently by washing with soap for at least 20 seconds or use of hand sanitizer.

The virus seems mostly to be spread between people via respiratory droplets. It may also be spread through contaminated surface and then touching one's face.

The virus has taken the conquest all over the world in very quick manner and till that nobody has found any medicine or suggested vaccine for it.

We have divided their spreading in four stage and India is still on middle thread of third and second stage. INDIA'S PLAN FOR COVID-19

BY OUR PRIME and chief MINISTERS

A Lockdown for decided days.

Only grocery shops to be open through government contact and farmers

Arrangement of emergency hospitals and beds.

Giving free supply to poor people of food and necessary things

Online apps for students to study in comfortable way in most urban cities

Sanitizing the places.

Marking cities in zones to control the spread.

The doctors are the most powerful warriors. Never forget them, they are the best for praying and praising!!!

Precautions

WASH YOUR HANDS REGULARY

WHY

Washing your hands with soap and water or using hand rub kills the virus which may be on your hands

MAINTAIN SOCIAL DISTANCE

WHY

When someone sneezes, they spray small liquids Droplets from their nose or mouth which may contain virus. if you are too close to that person you may be infected.

HYGIENE OF RESPIRATORY SYSTEM

Make sure you and people around you follow a good respiratory hygiene. This means covering mouth and nose with bent elbow while coughing and sneezing

STAY INFORMED WITH NEWS

WHY

National and local authorities will have the most up to date information whether you may have covid-19 near your surroundings and if there then what steps to be taken in the condition is to be taken by them.

CLEAN YOUR THINGS

Clean your appliances with alcohol based disinfect and specially like mobile or things that are in daily contact with you, should be washed or wiped to avoid virus

IT'S ACTIVITY TIME FRIENDS!!!

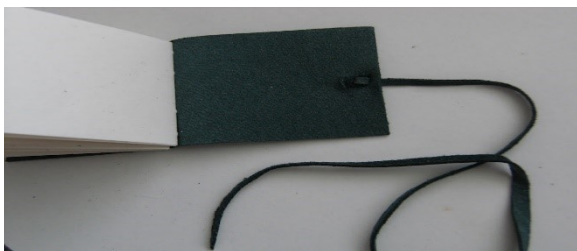

MAKE A DIARY FOR A TRACKING YOUR DAY.

THINGS YOU NEED:

- 1. MINI BOOK**
- 2. PEN**
- 3. MAGNET**
- 4. RIBBON(BROAD) PIECE**
- 5. DECORITIVE MATERIAL**

Take a ribbon piece that can wrap around your diary then take a magnet and stick it on one side of the ribbon

Now stick one magnet on the front cover and then stick the ribbon without magnet one side on backside

cover of your book and front side will automatically attached by magnets

Now decorate your book and start writing

- Write the date and the people you met that day
- This will help you in making a track of people
- When you feel that something is wrong, you can see the book and check whom did you came in contact!
- Your work is done!!!!

Riya learnt a hard lesson

Friends forced and said no to Riya as they were knowing her behavior of stealing new things.

From this Riya got angry and asked mam for permission to sit behind Kachi. Now Kachi was scared of Riya because Riya could steal her pencil box.

Riya did that from which situation Kachi was scared. The box which Riya had stolen was gifted by Kachi's uncle who leaves in Africa. She started crying. After seeing Kachi crying at home her mother asked what happened to Kachi and Kachi said the situation happened in school as reply. Her mother said that she need not worry it's ok, we will ask Riya's parents in PTM next week.

shutterstock.com • 1433126402

There Riya was hiding that box in her secret place and then used it while doing homework every day. It was the day before PTM. All kids show their parents the PTM timing slot card but Riya used to never show her parents the PTM card because if she shows then everybody will complain to her parents.

Instead of showing that PTM card she used to make a another PTM card and show it to her parents. She used to write the first timing slot so no parent could complain her parents for their issues related to Riya.

Once upon a time there was a girl named Riya who used to steal things that she would like and used to hide them under her study table where she used to hide them with a cloth.

Then once Riya went to the school and saw that her friend Kachi had bought a new pencil box of red color and Riya liked the look very much of the box. She asked Kachi that can she sit with her in front of her friends. Kachi was going to say yes but her

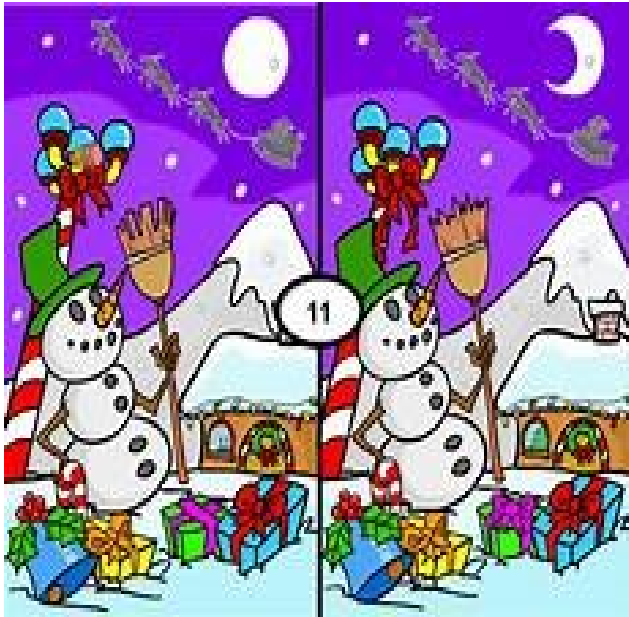

shutterstock.com • 561194098

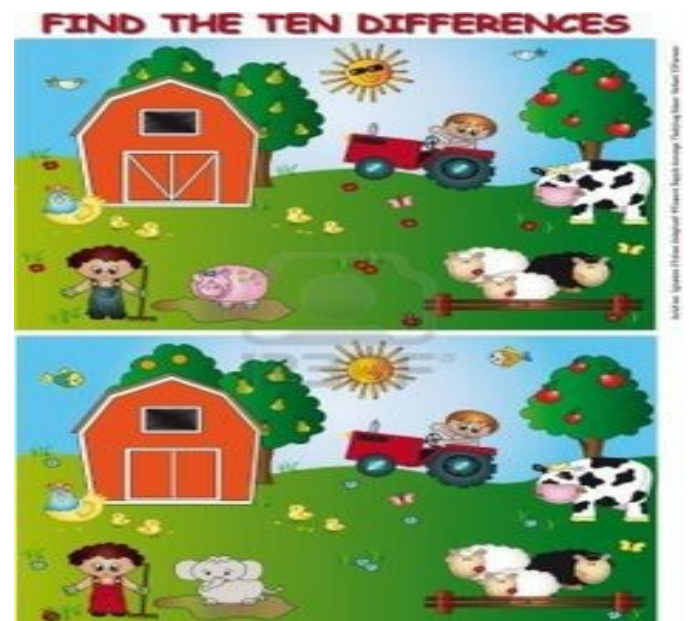

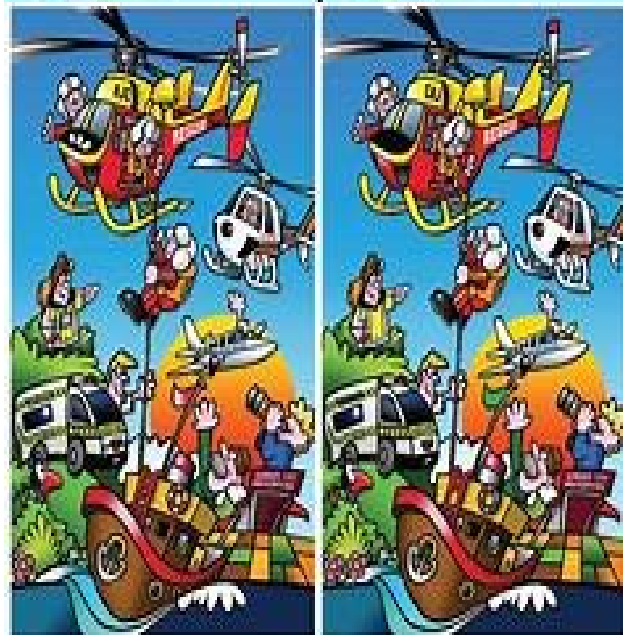

This time Kachi's mother said to Riya's mother to wait till Kachi's timing slot as she needs to talk something with them in front of teacher. About this Riya had no idea and she went with her parents. After Kachi's mother complained and Riya was caught some more parents came and complained ...like this Riya need to submit all the things to their belongings and as punishment she need to share her new things to everyone till 15 days

The End

Spot the difference

IT'S TIME TO CRAFT

You have three options for making puppet

Hey! we are going to make finger puppets

See the above video from you tube and create your own puppets!

Make it and even create a 30 to 45 sec Video and then represent to Your family or friends!

Make any type of puppet you want and have fun with it. Give a little enjoyment to your family and yourself while snacks time by showing this.

Follow the instructions carefully and not to take tension for material you all would be having old cloth, newspaper or any written and non-useable paper.

I have given you 4 videos. You

Stay safe and stay happy at your homes with maintaining physical distance.

This is a giraffe finger puppet.

this is a bunny.

this is a couple of mouse finger puppet.

This is an interesting puppet not made of paper but something interesting.

Facts

The Bermuda triangle

The **Bermuda Triangle**, also known as the **Devil's Triangle** or **Hurricane Alley**, is a loosely defined region in the western part of the North Atlantic Ocean where a number of aircraft and ships are said to have disappeared under mysterious circumstances. Most reputable sources dismiss the idea that there is any mystery.

The vicinity of the Bermuda Triangle is amongst the most heavily travelled shipping lanes in the world, with ships frequently crossing through it for ports in the Americas, Europe and the Caribbean islands. Cruise ships and pleasure craft regularly sail through the region, and commercial and private aircraft routinely fly over it.

Popular culture has attributed various disappearances to the paranormal or activity by extra-terrestrial beings. Documented evidence indicates that a significant percentage of the incidents were spurious, inaccurately reported, or embellished by later authors.

mercury

The closest planet to the Sun does indeed have ice on its surface. That sounds surprising at first glance, but the ice is — **those that never**

receive any sunlight. It is thought that perhaps comets delivered this found in permanently shadowed craters

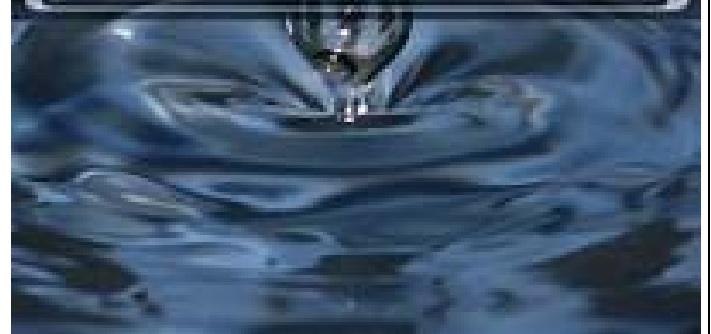

ice to Mercury in the first place. In fact, NASA's MESSENGER spacecraft not only found ice at the north pole, but it also found organics, which are the building blocks for life. Mercury is way too hot and airless for life as we know it, but it shows how these elements are distributed across the Solar System.

Water

1. Less than 1% of the water supply on earth can be used as drinking water.
2. About 6,800 gallons (25,700 liters) of water is required to grow a day's food for a family of four.
3. An acre of corn will give off 4,000 gallons (15,000 liters) of water per day in evaporation.
4. To produce fuel, it takes about 1 to 2.5 gallons of water for every gallon of product. Thus, the United States, which refines nearly 800 million gallons of petroleum products per day, consumes about 1 to 2 billion gallons of water each day for fuel production.
5. A person can live about a month without food, but only about a week without water. If a human does not absorb enough water dehydration is the result.
6. Most of the earth's surface water is permanently frozen or salty.
7. Of all the water on earth, only 2.5% is fresh water. Fresh water is either groundwater (0,5%), or readily accessible water in lakes, streams, rivers, etc. (0,01%).
8. If all the world's water were fit into a gallon jug, the fresh water available for us to use would equal only about one tablespoon.
9. Nearly a billion people worldwide have limited access to clean water.
10. On average, women in developing countries walk 3.7 miles (6 kilometers) a day to collect water.

It takes about 300 litres of water to make the paper for just one Sunday newspaper.

Only 1,1% of the water on earth is suitable for drinking as is.

Only 1 in 5 water bottles are recycled.

MASTER DRAWINGS

THEME- SKETCHES, SPRAY PAINT, DOODLE

HOPE YOU LIKED THE DRAWINGS!

Poems

My heart leaps up

My heart leaps up when I behold
A rainbow in the sky;
So was it when my life began;
So is it I am a man;
So be it when I shall old,
Or let me die!
The child is father is of the Man;
And I could wish my days to be
Bound each to each by natural piety.

Poet

WILLIAM WORDSWORTH

William Wordsworth (7 April 1770 – 23 April 1850) was an English Romantic poet who, with Samuel Taylor Coleridge, helped to launch the Romantic Age in English literature with their joint publication *Lyrical Ballads* (1798).

Wordsworth's *magnum opus* is generally considered to be *The Prelude*, a semi-autobiographical poem of his early years that he revised and expanded a number of times. It was posthumously titled and published by his wife in the year of his death, before which it was generally known as "the poem to Coleridge"

Dove

**I had a dove, and the sweet dove died,
And I thought it died of grieving;
Oh what it could grieve for? Its feet were tied
With a silken thread of my own head's weaving;
Sweet little red feet! Why would you die?
Why would you leave me, sweet bird, why?
You liv' d alone on the forest tree
Why, pretty thing, why could you not leave with me?
I kissed you oft, and gave you white peas;
Why not leave sweetly in green trees?**

Poet

JOHN KEATS

John Keats (31 October 1795 – 23 February 1821) was an English Romantic poet. He was one of the main figures of the second generation of Romantic poets, along with Lord Byron and Percy Bysshe Shelley, despite his works having been in publication for only four years before his death from tuberculosis at the age of 25.

Although his poems were not generally well received by critics during his lifetime, his reputation grew after his death, and by the end of the 19th century, he had become one of the most beloved of all English poets. He had a significant influence on a diverse range of poets and writers. Jorge Luis Borges stated that his first encounter with Keats' work was the most significant literary experience of his life.

MASK

we all know that the going on pandemic disease has no medical clarification and till we get the solution we should be safe by following the precaution so, let's make masks to protect ourselves.

See the attached video or images and follow the steps.

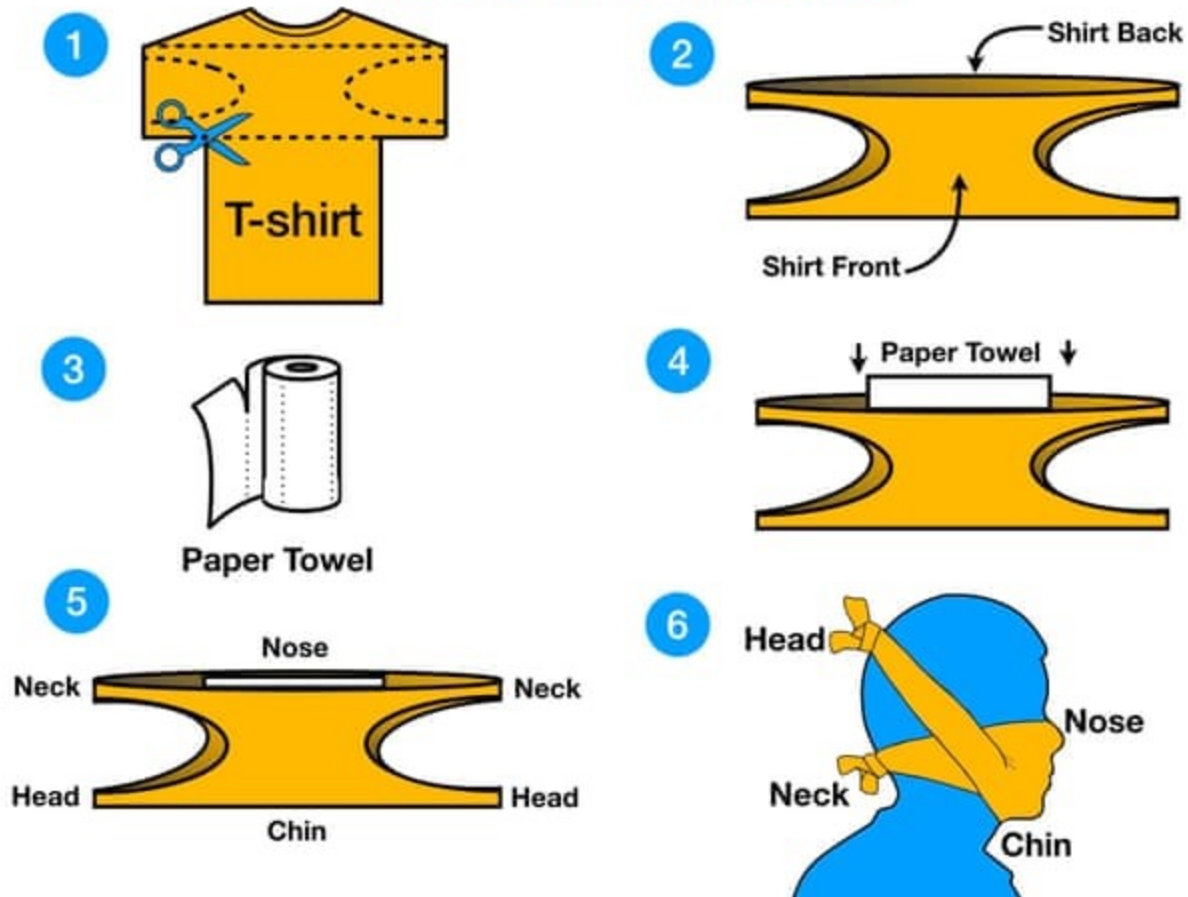

(the video is not same as image. Both are of different type.)

Make your own mask and even follow other precautions suggested by our doctors and help corona warriors as much as you all can. Stay home, stay safe!

Become a good notable warrior of corona by following all the rules and precautions.
Play and have fun at your homes.

My mask protects you. Your mask protects me.

#Masks4All <http://masks4all.co>

You all are requested to be at homes and wear masks while going out but go for important work only, like buying grocery for home.

Thank you for reading

Stay home, stay safe!
Play, read, study, eat, sleep, laugh
Just in your homes!

HOPE YOU LIKED OUR DIGITAL MAGZINE!
